

1. Go to <http://download.intergraph.com/>
2. Select *Show Current Downloads* (default) for latest version
3. Select *Legacy Downloads* for previous version
4. Next you select *Product Family* or *Product*
5. If you select *Product Family*, results will show all the products under that Family. For example, if you select *GeoMedia* product family, the results are:

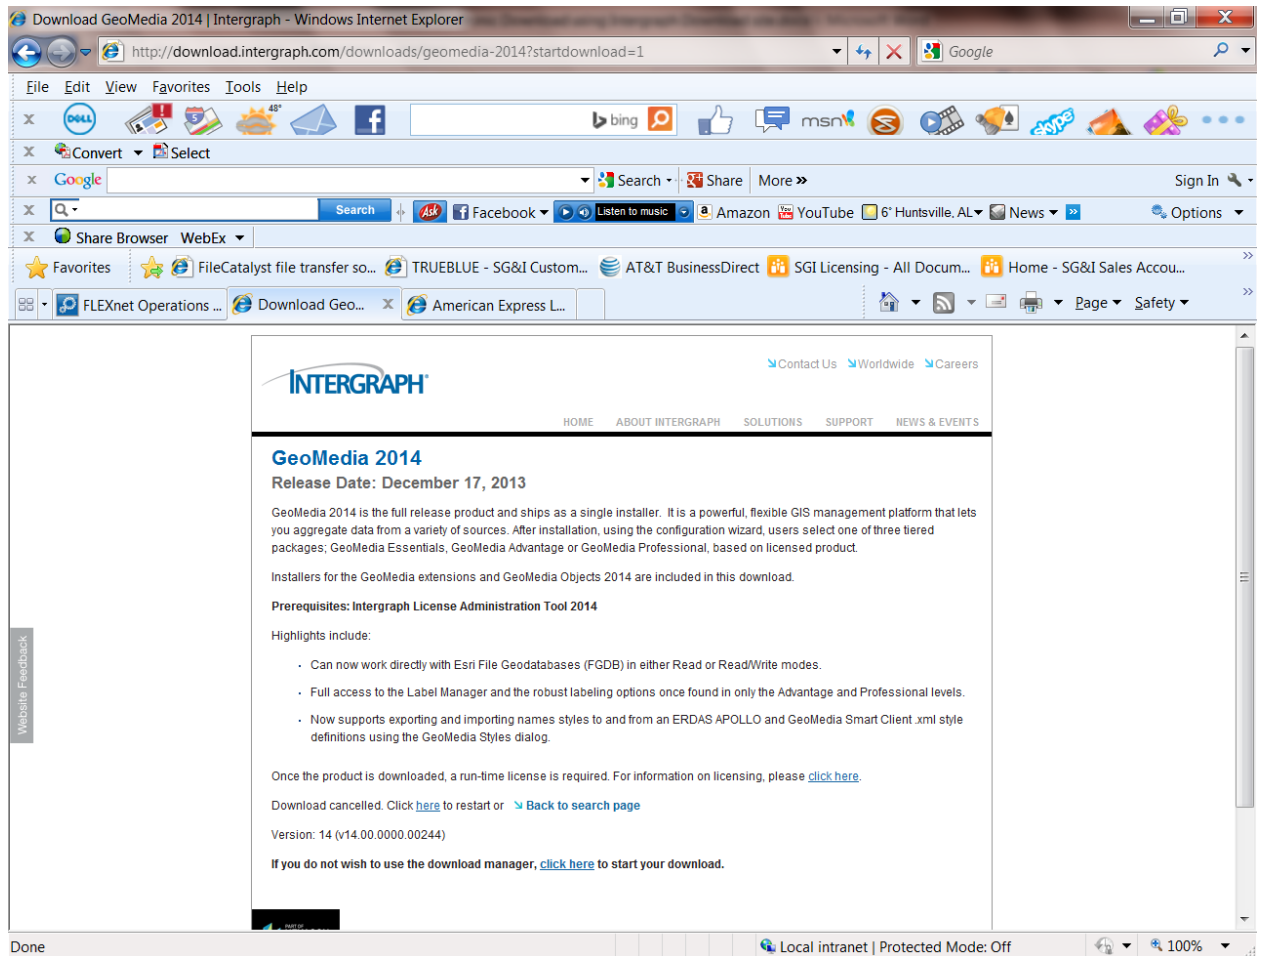

6. Highlight the product you want to install. NOTE: GeoMedia 2014 includes GeoMedia Essentials, GeoMedia Advantage and GeoMedia Professional.

7. Once you highlight, Details will display and includes the DOWNLOAD NOW button:

The screenshot shows the Intergraph Product Download Center interface. At the top, there are filters for 'Product Family' (GeoMedia) and 'Product' (-Select-). There are checkboxes for 'Show Current Downloads' (checked) and 'Show Legacy Downloads' (unchecked). Below the filters is a table of results. The 'GeoMedia 2014' row is highlighted in blue. Below the table, there is a note: 'This is the full released product, and includes all three tiers of GeoMedia 2014. To evaluate the product, please request an evaluation license from your sales representative or channel partner.' Below this note are links for 'Details' and 'Download Now'. The 'Download Now' button is the focus of the instruction.

Download	Type	Date	File Size
Intergraph License Administration Tool 2014	Full Product	12/17/2013	87.70 MB
GeoMedia 2014	Full Product	12/17/2013	673.00 MB
GeoMedia Objects 2014	Full Product	12/17/2013	441.00 MB
GeoMedia Viewer 2014	Full Product	12/17/2013	305.00 MB
GeoMedia 3D 2014	Full Product	12/17/2013	1.40 GB
GeoMedia Transportation Manager 2014	Full Product	12/17/2013	84.60 MB
Image Scout 2014	Full Product	12/17/2013	1.00 GB

GeoMedia Motion Video Analyst Professional 2014	Full Product	12/17/2013	284.00 MB

8. Click *Download Now*. You will be given the option of either using the download manager or not:

9. Please save the zip file in a location that has meaning to you.

CAVEAT: With ERDAS IMAGINE, you must first download and install ERDAS Foundation before you install ERDAS IMAGINE.

10. Click *Download Now* to begin downloading the product. You will be prompted as to where to save the zip file.

11. Select Download to start the download process. Note the size of the product you are downloading is displayed. And note there are no service packs available.

12. Here is an example of selecting IMAGINE with Full Products, Service Packs, and Other Downloads:

Note ERDAS Foundation is displayed. You will download this first. Then you download the full product, ERDAS IMAGINE 2013 and then you install Service Pack 13.02 (the service packs are cumulative so everything that is in Service Pack 1 is included in Service Pack 2.)
